EXPERIENCE

AMASQIS.AI, India & Oman: AI & Backend Intern

Mar,25 - Sept,25

- Deployed 2 MLOps pipelines for real-time prediction and anomaly detection using Node.js and Python
- Created more than 10 API endpoints for seamless integration of servers with the frontend services
- Deployed scalable backend infrastructure on cloud platforms, ensuring seamless integration with machine learning workflows

ACADEMIC PROJECTS

NutriScanner

Feb,24 - Apr,25

Team Project – Mobile Application for Nutritional Score Prediction

- Compared, evaluated 4+ ML algorithms to optimize nutritional score predictions for packaged food items
- Incorporated 50+ allergy profiles and medical conditions to deliver personalized nutrition assessments
- Authored a technical paper comparing model performance and outlining insights for future improvements

Vadya AI Chatbot

Apr,25 - Jun,25

Team Project – Agent-Based Conversational AI Prototype.

- Engineered the core Text-to-Speech engine and Voice Activity Detection system with voice interruption handling
- Designed a functional API-based proof-of-principle (PoP) model in a two-person subteam within 2 weeks
- Reduced the latency delay between input and model output by 80 percent with an agent-like streaming model

FacePrep Food Delivery Web App

Jun,25

Individual Project – Built as part of Faceprep Full Stack Program.

- Implemented 3-tier role-based access control with user, manager, and admin/owner permission tiers
- Developed the full backend in Node.js, including dynamic restaurant menu management and real-time updates
- Real-time order tracking system with comprehensive daily sales graphs that provide 24-hour rolling analytics

TECHNICAL SKILLS

Programming Languages: Python3.12, C/C++, JAVA, JavaScript

Machine Learning Frameworks: Scikit-Learn, Open CV, Keras, Pytorch, Tensorflow

Web Frameworks: Reactjs, Nodejs

Databases: MySQL, MongoDB, NoSQL

EDUCATION

B Tech Computer Science and Engineering

Graduating - Jul,27

Vellore Institute of Technology, Bhopal

8.39 CGPA

Specialization: Artificial Intelligence and Machine Learning

CERTIFICATION

- FacePrep Full Stack Development Program
- NPTEL Cloud Computing 2025
- NPTEL Introduction to Japanese Language II (ongoing)

LANGUAGES

- Hindi (native)
- English (Proficient)
